**Subject: Prayer for receiving ballpoint pen made for H. E. Recep Tayyip Erdogan, President of the Republic of Turkey.**

Sir,

With Due Respect I Would Like To Mention That I, Abdullah Al Haider, A Bangladeshi Youth And Also A Fan Of Turkish President Recep Tayyip Erdogan for his outstanding contribution for the welfare of deprived humanity worldwide, made the world's biggest ballpoint pen for Erdogan.

As like millions of other Bangladeshi youths I like Erdogan very much and he is a great inspiration for me in working for establishing human rights of the deprived people. As a die-hard fan of this great Turkish leader I spent more than one months to complete the ballpoint pen, weighing 171.96 pounds (78 kilograms) while its length is 28 feet ( 8.53 meters).

Almost all mainstream media in Bangladesh including Turkish state newspapers have covered my works as news item or feature content.

I, hope that any representative on behalf of Erdogan will receive my gift I made with my heart-felt love for Erdogan. I think it will also make millions of Erdogan fans in Bangladesh happy. For your kind assessment here I have attached some links of news on it:
